

Hawking Technology has been an innovator in the Networking Industry for over 10 years and works to promote a single premise; provide quality products that effortlessly connect anyone, anywhere. This years newest products promise to push the envelope even further with the latest Wireless AC product line, a carefully curated line of products to **Upgrade** your existing network, **Optimize** your speed, and **Maximize** your range. Read on to learn more about our Hi-Gain Wireless AC solutions that are forging the revolution of WiFi technology.

**Upgrade | Optimize | Maximize**

Standard Wireless AC dictates that the tradeoff for super fast AC speeds is a proportional decrease in wireless range. Hawking Technology products are designed to not only provide the same super speeds typical of Wireless AC, but also to provide additional Range Extending options to offset this range decrease. Use any combination of our Wireless AC products, even with the devices you already have, and increase your overall wireless networking quality.

Don't know if Wireless AC is for you? Check out our **Wireless AC White Paper** to learn more about what it is and why you need it.

# Wireless AC Product Lineup

| Upgrade Your Devices | Optimize Your Speed | Maximize Your Range |

HD65U  
Wireless-AC USB  
Network Adapter  
- 3dBi Movable  
Antenna

HW7ACU  
Wireless-AC USB  
Network Adapter  
- Built-in Internal  
Antenna

HW5AC  
Hi-Gain Wireless-AC  
Network Upgrade  
- RJ-45 direct plug  
- 3dBi Movable  
antenna

HW7ACB  
Wireless-AC  
Multifunction AP  
Bridge  
- 3dBi Movable  
Antennas  
- AC Dual Band  
Concurrent

HW7ACX  
Wireless-AC  
Multifunction  
Range Extender  
- 3dBi Movable  
Antennas  
- AC Dual Band  
Concurrent

HW7ACW  
Wireless-AC  
Multifunction  
Extender  
- Wall power plug  
built-in for easy  
setup  
- AC 750 Dual Band  
Concurrent

HW9ACM  
Wireless-AC  
Multifunction AP |  
Bridge | Repeater  
- AC 1200 Dual Band  
Concurrent  
- Built-in Internal  
Antennas
