

10.1" Digital Photo Frame

Memories Come to Life

VFD1028w-31

The ViewSonic VFD1028w-31 is a 10.1" digital photo frame that showcases unparalleled picture performance on a high-resolution 1024x600 display. The energy-efficient LED backlight delivers brilliant image quality, and the auto on/off feature provides even more power savings to make for eco-friendly technology. Enjoy calendar and clock functions along with your favorite photo slideshow. An included remote control provides easy navigation, and a 128MB internal memory provides plenty of storage. The VFD1028w-31 also features a wooden frame design with an elegant espresso finish that adds style to any décor at home or in the office.

Memories that Last a Lifetime

The VFD1028w-31 includes 128MB* of internal storage and supports SD, SDHC, MMC and MS memory cards with the built-in card reader. The USB connection makes it easy to transfer photos directly to your digital photo frame. Unlike print photos, digital pictures never tear, wrinkle or fade, so you can enjoy crystal clear memories for years to come.

Beauty without Parallel

The VFD1028w-31 features an expansive 10.1" screen to frame your favorite photos perfectly, so you can enjoy them the way they were meant to be seen. The stunning high-resolution 1024x600 display boasts high brightness and contrast ratio, so your photos really come to life.

Fashionable Functionality

With a sublimely elegant espresso finish frame, the VFD1028w-31 pairs digital technology with high style. The included calendar and clock functions make this a highly practical piece of décor. Beautiful and functional, this digital photo frame complements your lifestyle as a perfect addition to any room.

Earth Friendly Green Features

The eco-friendly LED backlight display is energy efficient and delivers superior image quality. The auto on/off feature conserves even more power. Saving energy is always a smart choice and helps preserve the memories for generations to come.

So Easy to Use

ViewSonic has engineered the VFD1028w-31 for optimum ease of use. The user interface is intuitive and simple so that you will be up and running in no time. The included remote lets you take control so you can just relax and enjoy all your favorite photos.
