(Sold Separately)

A monitor fit for competitors, adventurers, and strategists, the ViewSonic® XG2700-4K delivers an immersive visual experience where seeing is not only believing, but it's the difference between blinding defeat and brilliant victory. With stunning 3840x2160 resolution and SuperClear® IPS panel technology, this monitor delivers over 8 million pixels of sharp and refined color. At four-times the pixels of Full HD, this 4K Ultra HD monitor transports you to a world of unmatched graphical detail. What's more, an array of customizable pro-style color settings empowers you with the most accurate colors for the most realistic experience across gaming genres. This incredible alchemy of detail and color is fully realized with VESA Adaptive-Sync technology: a combination that delivers tear-free, picture-perfect gaming every time. With an arsenal of incredible detail and color at your disposal, you'll see everything your opponents can't.

Key Features:

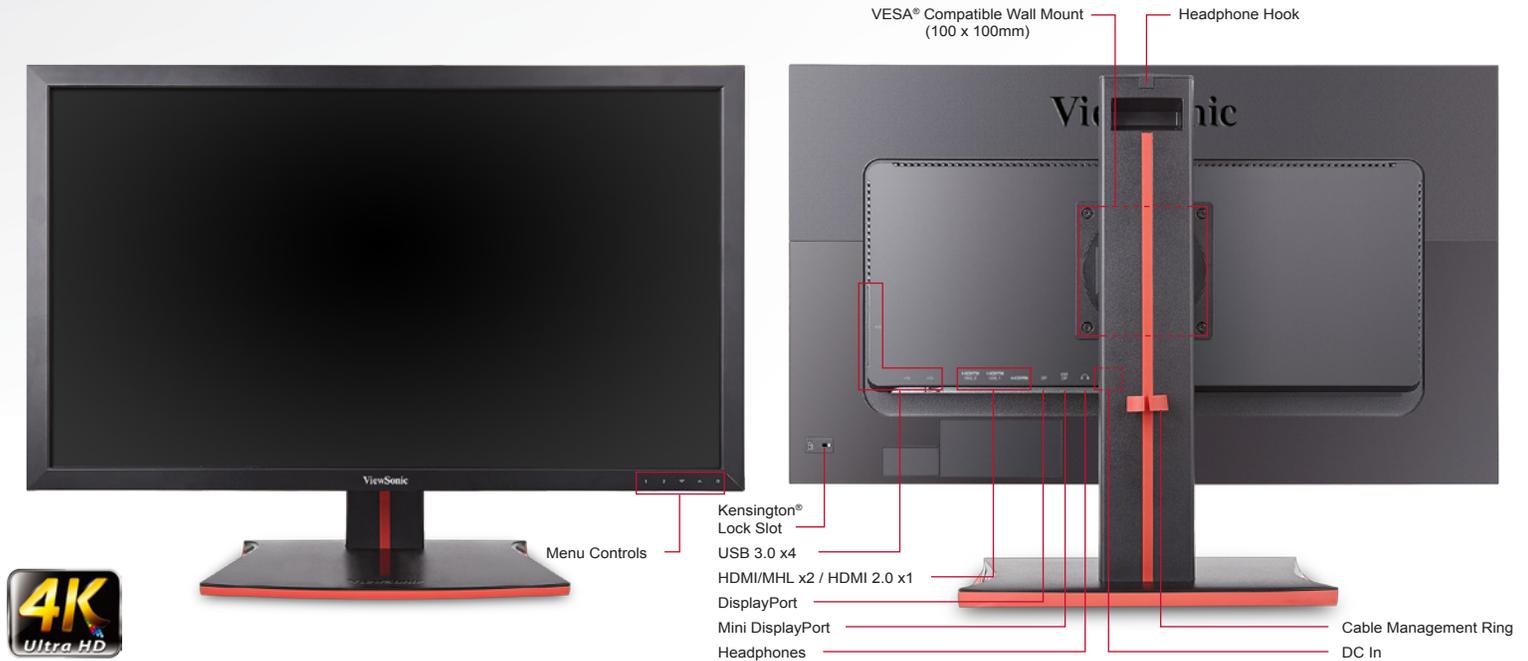

- Stunning 4K Ultra HD resolution
- SuperClear® IPS panel technology
- AMD FreeSync™ technology
- Low input lag for seamless gaming experience
- Black stabilization for ultimate visibility

Designed for:

- Gaming
- Entertainment
