Starting at 1.81 kg

¹ Battery life (and recharge times) will vary based on many factors including system settings and usage. A description of the environment under which the test was performed is available upon request.

PRODUCT SUMMARY

Sleek and light but all business, the ThinkPad® T450 is a new standard for highly mobile notebooks. It's thinner and lighter at just 21 mm thin and weighing lesser than 1.81 kg with added features for robust business productivity and equipped with the latest Intel® 5th Generation Core processors. Plus, it's more customizable with more ports and more connections. This business notebook is ready for any deployments a business has in mind.

KEY FEATURES

1 Build it to suit your power and performance needs, now with 2 DIMM slots and up to 16GB of memory, plus 3 USB 3.0 ports for maximum connectivity.

2 Ultraportable at just 4 lbs light and 21 mm slim, but Intel® 5th Generation Core i processors and a brilliant 14" HD+ touch screen display deliver enterprise-class performance.

3 Up to 19 hours of battery life make this a powerful, go-all-day performer. Innovative, functional Lenovo® DOit Apps make it the ultimate productivity notebook.

4 ThinkPads endure over 200 tests for durability and the T450 chassis is tested for compliance with rigorous Mil-Specs.
