

YOUR LINK TO SIMPLICITY.

**DOCK AND POWER YOUR NOTEBOOK
WITH A SINGLE CABLE.**

The ThinkPad OneLink Dock, powered by Lenovo's revolutionary OneLink technology, transforms your new ThinkPad from a productivity powerhouse at school or in the office to a multimedia supercenter at home.

 OneLink™

AMPLIFY YOUR SYSTEM EXPERIENCE

Features Lenovo OneLink, found only on ThinkPad.

- One cable does it all with no compromises in performance. This means, YOU are ONELINK away from dedicated video, USB 3.0, power and all of your necessary accessories.

Nothing else quite compares.

- The closest competitor is Thunderbolt, which does not charge your system and is also nearly triple the price of the ThinkPad OneLink Dock!
