

# Lenovo YOGA 2 11-inch

## POSITIONING STATEMENT

Lenovo continues to refine the consumer-friendly features of the Yoga line with YOGA 2, a thinner and lighter model at an affordable price point. It folds back 360°, providing four devices for the price of one. Plus, it features unique app recommendations for each of the four usage modes – Laptop, Stand, Tent and Tablet. YOGA 2 provides the ultimate flexibility between work and play for up to 6 hours of battery life on a single charge.

## KEY FEATURES

- Crystal clear HD Display with IPS technology which support 178° wide view angle
- Dual-hinge design allows for 360° rotation with four unique modes: Laptop, Stand, Tent and Tablet
- Lenovo Picks: a concierge-like service that dynamically recommends apps for the mode you are currently using
- Lenovo Transition automatically switches open applications like PowerPoint to full-screen mode when the PC converts from normal notebook to tent, stand or tablet modes
- Lenovo Voice Control enables users to execute simple commands by speaking to the YOGA 2
- Lenovo Motion Control allows users to quickly flip through photos, presentation slides, e-books and more with simple gestures
- Integrated stereo speakers supporting Dolby® Home Theater v4™ certification for immersive surround sound when watching movies and listening to music

# Lenovo Flex 14D/15D

## POSITIONING STATEMENT

The Lenovo Flex 14D and 15 D dual-mode laptop PCs effortlessly fulfill both work and entertainment needs while on the go. Affordable, thin and light, they feature a unique touchscreen that flips 180° so you can comfortably use the PC in stand or laptop modes. The cool-touch metal palm rest and 10-point multi-touch display make scrolling and zooming simple, allowing for greater accuracy and ease of use. Energy Manager protects the long-term durability of the battery, allowing for up to six hours of battery life.

## KEY FEATURES

- Dual-mode laptop PC that can operate in stand and laptop for more than one type of use
- Unique design that is affordable, thin and light
- Multi-touch display for greater accuracy and ease of use with the 10-point multi-touch display, optimized for Windows 8
- Up to 6 hours of battery life for productivity and entertainment on the go
- Stereo speakers with Dolby Advanced Audio v2 for an immersive audio experience
- Cool-touch metal palm rest and one-piece multi-touch touchpad for easy scroll and zoom functions, optimized for Windows 8
- Energy Manager protects the long-term durability of the battery and uses advanced energy-saving technology to increase time spent between charges
- OneKey® Recovery makes data backup and recovery simple
