HP LP2480zx DreamColor Monitor

The gold standard color-critical display for creative professionals. This display is ideal for a wide range of color workflows including animation, visual effects, post-production, digital photography, and digital pre-press.

- Over one billion on-screen colors
- Unprecedented level of color fidelity and control
- Match your screen to the results you produce

Integrated solutions

HP U160 Portable LED Backlit Monitor

Increase your productivity by doubling the screen real estate of your notebook with an easy to carry, easy to set up second display. It comes in its own folding easel case for sharing, protection, and portability.

- Fast setup with a single USB connection
- Light and portable
- Works where you do

HP EliteDisplay E221c Webcam LED Backlit Monitor

Bring the meeting to you. Combine wide viewing angle IPS technology and integrated communications software for an easy and affordable way to connect and collaborate.

- Integrated webcam, speakers and microphones
- Customizable comfort with 150 mm height adjustability
- Wide viewing angles for more accurate images

HP Compaq L2311c 23-in Notebook Docking Monitor

Large 23-inch diagonal display with port replication, including SuperSpeed USB 3.0, that provides an exceptionally universal and affordable desktop experience for notebook users on-the-go. One cord, plug-n-play installation makes for instant access.

- Full HD 1920x1080 resolution¹
- Tilt, swivel, height and pivot flexibility
- ENERGY STAR® qualified

HP Touchscreen L2206tm

Increase productivity with advanced optical touch technology for greater accuracy. Excellent for customer service centers and self-service environments.

- Optical 3 sensor touch module
- Anti-glare coating
- Adjustable height, tilt, and pivot rotation
- Windows® 7 Multi-touch Certified plug-n-play display

HP Accessories

HP Integrated Work Center Stand

Integrates your Ultra-slim Desktop PC or HP Thin Client and most HP 17 to 24-inch (43,18 to 60,96 cm) diagonal monitors, allowing you to put the entire system configuration at your fingertips making the most efficient use of space-constrained office environments.

HP Dual Display Stand

Saves space by accommodating two monitors on the same stand. Monitors can be adjusted vertically or horizontally for maximum comfort.

HP Integrated Work Center Stand for SFF

Designed specifically for use with the HP Small Form Factor Desktop PC and up to a 24 in diagonal display monitor to help maximize space-constrained work environments.

HP Swing Arm Mount

Save space with this elongated stand that allows an 80° tilt with touchscreen monitors.

HP Adjustable Display Stand

This exclusive design allows users to easily raise or tilt monitors for a better view of the screen.

HP Display and Notebook Stand

A home base for business travelers who are constantly on the go. It turns your HP Business Notebook into a desktop solution supporting up to two displays.

HP USB Graphic Adapter

Connect up to six monitors at a time to view multiple applications simultaneously.

HP Quick Release

Mount a monitor quickly and securely on a variety of stands or on the wall.

HP LCD Speaker Bar

These stereo speakers offer high quality audio and easy set-up with a USB port for connection.

HP Software

HP Display Assistant

Customize your workspace with resizable screen partitions and work in documents, spreadsheets, and e-mail in separate regions of the screen—at the same time—with HP Display Assistant software. View open applications on all of your connected displays with the expanded toolbar. Deter theft with a user-designated PIN that deactivates the monitor if it's disconnected from a PC without approval.

HP Software

HP Care Pack Services

The best way to protect your investment

HP Care Pack Services are an affordable way to increase productivity, decrease support response times and extend the standard warranty coverage for your HP display products.

Service levels and response times may vary, depending on geography, and some services may require customer registration before activation. To select the right HP Care Pack for your HP product, check out hp.com/go/cpc.

¹ HD content required to view HD images.

² Meeting the industry definition of 'BFR/PVC-free' per the iNEMI Position Statement on "Low Halogen" Electronics. Plastic parts incorporated into the chassis generally contain < 1000 ppm (0.1%) of bromine or chlorine. Printed circuit board and substrate laminates generally contain < 1500 ppm (0.15%) of total bromine and chlorine. Service parts after purchase may not be BFR/PVC-free. External accessories, including power supplies, power cords and peripherals are not BFR/PVC-free.

³ Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Requires Microsoft Windows.

⁴ Service levels and response times for HP Care Packs may vary depending on your geographic location. Restrictions and limitations apply. Service starts at date of hardware purchase. For details, visit hp.com/go/lookuptool.
