

# MY PASSPORT™

## PORTABLE STORAGE

**Stunning storage,  
built for whatever  
you create.**

- Auto backup with included WD Backup™ software
- Password protection with hardware encryption
- Included WD Discovery™ software for social media and cloud storage import

My Passport is the trusted, portable storage that perfectly complements your on-the-go lifestyle. Designed to fit in the palm of your hand, there's plenty of space to store a massive amount of photos, videos, music and documents. Perfectly paired with WD Backup software and password protection, the My Passport drive helps keep your files safe.

# MY PASSPORT™ PORTABLE STORAGE

## Product Features

### Back Up Automatically

The My Passport drive comes equipped with WD Backup software to help make sure your photos, videos, music and documents don't get lost. You can set it to run automatically to your schedule. Just pick the time and frequency to back up important files from your system onto your My Passport drive.

### Password Protection with Hardware Encryption

The My Passport drive's built-in 256-bit AES hardware encryption with WD Security™ software helps keep your content private and safe. Just activate password protection and set your own personalized password. You can also add a "return-if-found" message as the password prompt to help your My Passport drive find its way back to you if it ever accidentally gets left behind.

### Do more with WD Discovery

Included WD Discovery™ software connects to popular social media and cloud storage services, like Facebook, Dropbox and Google Drive™.\*\* Import your photos, videos and docs to the My Book drive to help preserve your online life. WD Discovery can also be used to manage your drive with WD Drive Utilities.

### Easy to Use

My Passport portable storage is ready to use out of the box so you can start transferring files, saving your memories and backing up. It comes with all the software you need to help protect all your data, including WD Backup and WD Security software.
